

Frequency Data Collection

Student Name: _____ **Date/Time:** _____

Observer(s): _____

Target Goal/Behaviour/Skill: _____

Collect data on the frequency of the learner demonstrating the target goal/behavior/skill. Data should be collected a minimum of four days or until a trend is clear and stable thus giving you information upon which to base your goal performance expectations.

Baseline Data

DATE	START TIME	STOP TIME	TOTAL TIME (MIN)	TOTAL TIME (MIN)	TALLY	PROMPTS NEEDED

PROMPT KEY: V=Verbal; G=Gestural; M=Model; P=Physical; I=No prompts needed/Independent

NOTES:
